Overview

Easy 4 Steps to Custom Made Your Trade Show Displays:

[Design Template](#)

[Artwork Guidance and Requirement](#)

Please exactly follow our artwork requirement in "PDF" tag. Especially all the fonts in the file need to be changed to outlines.

Features:

- Includes a full color feather flag, CMYK digitally printed graphics.
- Carbon composite fiber poles, superb flexibility to prevent breaking.
- The Water Base is designed to fit over the Rotating Base above, this gives greater stability outdoors in windy weather.
- Light weighted flagpole .Simple handling, no tools required.

Description:

A feather banner, or flying flag, is a very effective way to attract more attention to your business. Our feather banners are made up of 2 aluminum poles and 2 carbon poles that fit inside the hem of a full-color digitally printed polyester weave banner that stands upright on the steel base. This portable flag stand is not designed to be used in winds exceeding 20 MPH.

Includes: Cross base, Water bag, Poles, Graphic printing, Carry bag.

Note: Graphic artwork and printing idea are both accepted.

Graphic file requirement:

- File should be created in CMYK color mode. Converting from other modes may distort colors, shapes or images.
- File should be 100-120dip at full output size.
- Convert all fonts to outlines and/or include all fonts used. If unsure send all fonts used.
- Logos and line based objects should remain in vector format whenever possible.
