Overview

Description:

The Mug Heat Transfer Machine is smart and portable. It can be used at malls, flea markets, shows, and so on. Five heating mats could work at the same time with durable performance, which greatly saves your time. You can transfer any beautiful images you like to the ceramic and metal cups by this cup heat machine. Also you can adjust the cup mold according to the sizes of cups.

Features:

- . Five heating mats with for highly efficient working
- . Fully digital temperature control
- . Automatic digital timer
- . Easy pressure adjustment
- . Solid steel welded framework
- . Digital control makes it easy to adjust pressure

Notice: Color of the machine is variable, and the color is random according to the ones in stock when you buy the machine. Certainly, you can choose the color we have made but need time to finish if it's not in stock. Also, you can customize the color you like but need extra cost and large order.
