Overview

Description:

The SIC-SZ-SLJ-A1-1000 is an A1 size flatbed printer with high printing speed and high resolution. The structure design guarantees a stability of the performance allowing limitless repetitive prints with a complete registration. It comes with Epson printheads with a high quality definition.

For consumables materials, it uses the newest professional inks that specialized on flatbed printers. Therefore has a super adherence and durability on the color. With a high performance, the flatbed printer can help minor enterprises to realize high qualified printing results and create more value.

Control Panel

Electronic Control System

High-capacity Waste Ink Collector

High-precision Actuating Device

Ink Supply System

Application:

Electronic products, gifts, toys, house furnishings, chinaware, art, work, fastener, crystal wares, advertising, leather good, etc.

Materials that can be printed:

Plastics (ABS, PC, PE, PP, PU, PVC etc.), acrylic, metal, wooden articles, leather, glass, crystal, chrome paper, ceramic tile/chinaware, silica gel, stiff paper, wax, etc.

Features:

- . Structure design: It has an integrated design that creates stability in the performance allowing limitless repetitive prints with a complete registration without displacement and high print resolution.
- . Comes with 11 ink colors that have more brightness and vivid printing effects as a result it prints a clear and detail image.
- . Higher printing speed, suitable for a batch production.
- . Printhead protector with an automatic function to adjust the height and also protect the printheads.
- . Automatic nozzle spray intellectual monitor unit, detects whether the printheads are blocked and conducts the cleaning work to ensure a perfect print.
- . The optimized ink supply mode avoids the data reset on the main board, makes the maintenance process easier and more efficient work.
- . With a structure design which makes it convenient and faster to replace the spare parts.
- . Alloyed working table is lighter and stable and provides more resolution.
- . With USB 2.0 high speed interface and Ethernet interface of 10/100 MB connection. It resolves data transmission problems and guarantees the high speed, output and offers a perfect network printing solution.
- . With a streamlined design patented outward has a unique feature in the printing result.

Details

| | |
|------------|-------------------------------|
| Ink colors | PK,MK,LK,LLK,C,LC,M,LM,Y,OR,G |
| Interface | USB2.0 |

Max Media thickness

7.9" (200mm)

| | |
|------------------|----------------------------|
| Print resolution | 2880*1440dpi |
| Printer head | Epson |
| Max print size | 24.0"*39.4" (610mm*1000mm) |

Specifications

Essential parameter

| | | | |
|-----------------------------|--|--------------------------------|---------------------------------------|
| Printing Mode | 11-clor Ink Jet(PK,MK,LK,LLK,C,LC,M,LM,Y,OR,G) | Max. Printing Width | 24.0"x39.4" (610mmx1000mm) |
| Resolution | 2880x1440dpi | Max. Material Thickness | 7.9" (200mm) |
| Nozzle Configuration | 3600Nozzles | Minimum Ink Droplet | 1.5 pico-liter |
| Printing Speed | A1, 4.5mins .(1440dpi) | Power Supply | AC220-240V/AC110-120V, 50HZ~60HZ |
| Transmission Type | USB2.0 /10/100MB Ethernet Interface | Working Environment | Temperature: 5~35°C; Humidity: 20~80% |
| Weight | 485.0lb (220kg, net), 661.4lb (300kg, gross) | Driver | Microsoft Windows98/2000/Me/XP |
| External Size(LxWxH) | 55.1"x37.8"x31.5" (140x96x80cm) | Jet Cleaning Type | Automatic |
| Shipping Size(LxWxH) | 63.0"x45.7"x39.4" (160x116x100cm) | Ink Feed Type | 29.9floz (850ml)/Color(11 Colors) |
