Overview

Description:

The SIC-SZ-SLJ-A2-900 is an A2 size flatbed printer with high printing speed and high resolution. The structure design guarantees a stability of the performance allowing limitless repetitive prints with a complete registration. It comes with Epson printheads with a high quality definition.

For consumables materials, it uses the newest professional inks that specialized on flatbed printers. Therefore has a super adherence and durability on the color. With a high performance, the flatbed printer can help minor enterprises to realize high qualified printing results and create more value.

Materials that can be printed:

Plastics (ABS, PC, PE, PP, PU, PVC etc.), acrylic, metal, wooden articles, leather, glass, crystal, chrome paper, ceramic tile/chinaware, silica gel, stiff paper, wax, etc.

Features:

- . Structure design: It has an integrated design that creates stability in the performance allowing limitless repetitive prints with a complete registration without displacement and high print resolution.
- . Comes with 9 ink colors that have more brightness and vivid printing effect as a result it prints a clear and detail image.
- . Higher printing speed, suitable for a batch production.
- . Printhead protector with an automatic function to adjust the height and also protect the printheads.
- . Automatic nozzle spray intellectual monitor unit, detects whether the printheads are blocked and conducts the cleaning work to ensure a perfect print.
- . The optimized ink supply mode avoids the data reset on the main board, makes the maintenance process easier and more efficient work.
- . With a structure design which makes it convenient and faster to replace the spare parts.
- . Alloyed working table is lighter and stable and provides more resolution.
- . With USB 2.0 high speed interface and Ethernet interface of 10/100 MB connection. It resolves data transmission problems and guarantees the high speed, output and offers a perfect network printing solution.
- . With a streamlined design patented outward has a unique feature in the printing result.

Control Panel

Electronic Control System

High-capacity Waste Ink Collector

High-precision Actuating Device

Ink Supply System

Stable Frame

Application:

Electronic products, gifts, toys, house furnishings, chinaware, art, work, fastener, crystal wares, advertising, leather good, etc.

Samples:

Tiles 1

Tiles 2

T-shirt

Phone-Shell

CD-English

Lighter

Vanity mirror

Book cover

Details

Ink colors	9-color Ink Jet(PK,MK,LK,LLK,C,LC,M,LM,Y)
Interface	USB2.0
Max Media thickness	7.9" (200mm)
Printer head	Espon
Max print size	16.5"*35.4" (420*900mm)
Print resolution	2880*1440dpi

Specifications

Printing Mode	9-color Ink Jet(PK,MK,LK,LLK,C,LC,M,LM,Y)	Max. Printing Width	16.5"x35.4" (420x900mm)
Resolution	2880x1440dpi	Max.Material Thickness	7.9" (200mm)
Nozzle Configuration	1440Nozzles(90 nozzlesx6colors)	Minimum Ink Droplet	1.5 picoliter
Printing Speed	A2, 6mins.(2880x1440dpi)	Power Supply	AC220-240V/AC110-120V, 50HZ?60
Transmission Type	USB2.0 /10/100MB Ethernet Interface	Working Environment	Temperature: 5?35°C; Humidity: 20?8
Weight	264.6lb (120kg, net), 374.8lb(170kg, gross)	Driver	Microsoft Windows98/2000/Me/XP
External Size(l×w×h)	52.4"x33.1"x25.6" (133x84x65cm)	Jet Cleaning Type	Automatic
Shipping Size(l×w×h)	59.8"x42.5"x33.5" (152x108x85cm)	Ink Feed Type	5.3floz (150ml)/Color(9 Colors)
