Overview

ECG-MD600: Universal Cutter and tool Grinder

Adopting precise roll guide on the table, it makes the table is stable and operated smoothly. Then motor could be rotated 360degree, it could increase the grinding function and range of the machinery. With variety of options can be provided for different purposes.

Features:

Variety of options that provides different purposes.
Easy set up.
It is easy to operate.
Fast and highaccuracy of the Grinding.

ECG-MD600 (No Stand)

ECG-MD600F (With Stand)

Specifications:

Longitudinal travel of table: 185mm
 Cross travel of saddle: 120mm
 Working table area: 125x520mm
 Vertical adjustment wheel head: 140mm
 Vertical tilting range of wheel head: 360°
 Size of wheel: 125x50x31.75mm
 Speed of wheel: 3,600 RPM /2800RPM
 Motor: 1 HP, 110V /220V /380V
 N.W. /G.W.: 170kgs /240kgs
 Size of packing (L x W x H): 750x700x800mm

The machine Universal Cutter and tool Grinder comes with different accessories, each one has different uses.

The standard accessories are: 50H universal grinding attachment tool, 50C universal grinding attachment tool.

The optional accessories are: 50D end mill grinding attachment, 50k Multifunctional cutter and tools grinding attachment, 50Q gun drill grinding attachment, radius grinding wheel dresser, R-type turning tool grinding attachment, 50S 3-Jaw motor grinding attachment.

Standard accessories:

Optional accessories:

50D End mill grinding attachment

50K multifunctional cutter and tools grinding attachment

Radius grinding wheel dresser

50A 3-Jaw motor grinding attachment

50Q-Gun Drill Sharpening Accessories

R-type turning tool grinding attachment

Details

Power Supply	220V / 380V, 50 / 60Hz
Maximum Colet Capacity	3mm-28mm
Main Applications	This grinding machine applies to grinding high-speed steel, carbide cutting tools and other materials. With a variety of accessories can be grinding: Forming tools, end mills, face mills, R-type cutter, cylindrical milling cutter, cutter blade on three sides, single angle of milling cutter, reamer, cutters, R type sharper, rolling cutter, drill, tap, engrave powerful cutting tool, chamfer knife, round cutters, cylindrical, face grooves, forming

noodles.

Specifications

Introduction Accessories:

50H universal tools grinding attachment. Price: \$200	50C universal tools grinding attachment. Price: \$200
Capacity: grinding rounded cutter, such as side milling cutter, endmill blade, hobbing cutter, circular cutter.	Capacity: general grindingturning tool, CNC turning tool, roughing turning tool, plane cutter, and different angles of turning tools.
50D end mill grinding attachment. Price: \$357	Radius grinding wheel dresser. Price: \$450
Capacity: for grinding 3-28mm endmill blade or endmill edge (taper shank or straight shank), or side milling cutter.	Capacity: 3-28mm engraving cutter, R type endmill, and all kind of endmill.
R-type turning tool grinding attachment. Price: \$310	50S 3-Jaw motor grinding attachment. Price: \$450
Capacity: 30mm regular turning tool, angle turning, CNCturning tool, R-type turning tool, arc turning tool, and other turning tools.	Capacity: 3-100mm internal and external grinding attachment.
50k Multifunctional cutter and tools grinding attachment. Price: \$420	50Q gun drill grinding attachment. Price: \$420
Capacity: 0-50mm (taper shank or straight shank) drill bit, step drill, screw tap, side endmill, round bar.	Capacity: 5-40mm gun drill bit, compact, easy installation and operation, save processing time(can finish all angles grinding at the same time). Finishing with high precision and high power.
