### Overview

- . Adopting auto-moving technology.
- . Pneumatic double working tables for high speed printing.
- . Counterpoint of heating panel and working table is accurate.
- . Surface of heating panel is specially processed to be heat-resisting, smooth, and easy to clean.
- . It's convenient and easy to operate.

#### Description:

This Pneumatic Double Table Heat Press Machine is featured by its double working tables and air automatic working system. The upper heating board moves automatically and easily. It is very efficient for AD. use and industry use. Heating panel and working tables are specially processed and make the machine works well and transfer images clearly. It's suitable for sublimation and heat transfer printing work. With CE certification and 12 months warranty!

**Notice: Color of the machine is variable, and the color is random according to the ones in stock when you buy the machine. Certainly, you can choose the color we have made but need time to finish if it's not in stock. Also, you can customize the color you like but need extra cost and large order.**
