Overview

This 36 inch rotary paper cutter is all designed with automatically paper-fixing function. The automatically rotary blade makes the cutter sharp and durable. The scale indicating both centimeter and inch makes it more accurate more convenient more efficient and more applicable, avoiding the move of paper fixed. There are no rough edges on finished products, which is superior to other normal products with this regards.

Remark: This rotary paper trimmer is used to cut paper within the thickness of 1mm. Its breadth is 36 inch and working table is 47.2"*13.0" (1200*330mm)
