- . Head-shaking, flexible heating board.
- . Digital control by the SCM program ensures the high precision and sensitivity.
- . Count automatically and it will alarm when the temperature goes higher than the one you set.
- . The change between Centigrade and Fahrenheit is available.
- . Integrated electric control system for adjusting easily and maintaining conveniently.

Description:

This head-shaking T-shirt heat transfer machine has fine workmanship with flexible heating board for convenient using. You can swing away the heating panel and then will be convenient to put the T-shirt on the working table. It's durable and delicate made of fine metal materials.

It's widely used for fabrics, textiles, ceramic sheet, such as T-shirt, cloth, pants, ceramic sheet, metal sheet, etc.

Notice: Color of the machine is variable, and the color is random according to the ones in stock when you buy the machine. Certainly, you can choose the color we have made but need time to finish if it's not in stock. Also, you can customize the color you like but need extra cost and large order.

Guarantee & Aftersales Service

Comprehensive guarantee for one year except the wearing parts.

24-hour technical support by email or calling.

User-friendly English manual for machinery using.
