Overview

Description:

Crystal super slim light box made of acrylic that is high brightness, is easy to change pictures, safe, power-saving and long life-span. The lightbox adopts side-guide lighting design using high-quality guide light panel which distributes light evenly. Clear crystal slim light box with only 0.3" (8mm)-thickness adds its value and looks high-grade. It's widely used in wedding photography studio, home adornment, shopping mall, supermarkets, bank, airport, subway, etc.

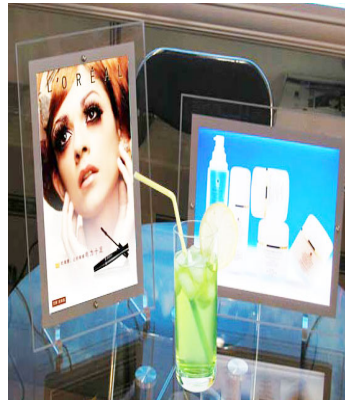

Highlights:

Crystal LED slim light box is clear with high brightness because of its high quality guide light panel distributing light evenly. Its fine performance of transparency makes the lightbox have a better effect for image displaying.
