Overview

The badge making machine has a variety of options. By just adding the necessary accessories you can make different badges or key-chains. You can print pictures, photos or portraits, put the pictures on the surface of badge; adding coating and then press it with the badge making machine. The finished products are personalized, beautiful and modern.

Operation process:

1. Install the module on the badge making machine
2. Put one by one: top of badge, body badge, picture, and film.
3. Adjust the module to the right place.
4. Press the handle s to join `the` top and bottom of module.
5. Remove finished badge.

Notice: The color of the delivered machine may vary; the color is random depending on the stock available at the time of purchase. If you wish to choose a specific color, just take into `consideration` that additional time may be needed to manufacture your product, if it is not in stock at the time. Personalized colors for your product are available for large orders, at an additional cost.

Remarks: There are other working sizes of $\phi 25\text{mm}$ (1"), $\phi 44\text{mm}$ (1.73"), $\phi 58\text{mm}$ (2.28") and $\phi 75\text{mm}$ (2.95").
