### Overview

#### Description:

The Cap Heat Transfer Machine is smart and portable. It will help you to leave the beautiful and clear picture on the caps. Double screens display the electronic, digital temperature and time separately. Microcomputer controls the temperature, which makes the temperature more even and makes the machine easy to operate and maintain.

#### Features:

- . The electronic, digital temperature and time display separately.
- . The same press design as the heat press machine make it easier to operate and more convenient to adjust pressure.
- . Under the Microcomputer control, it could time automatically
- . Aluminium heating panel make the temperature more exact (tolerance:  $\pm 3$  degrees centigrade).

**Notice: Color of the machine is variable, and the color is random according to the ones in stock when you buy the machine. Certainly, you can choose the color we have made but need time to finish if it's not in stock. Also, you can customize the color you like but need extra cost and large order.**

#### Guarantee & Aftersales Service

Comprehensive guarantee for one year except the wearing parts.  
24-hour technical support by email or calling.  
User-friendly English manual for machinery using.

### Details

Power	450W
Working Size	working size:150*80mm
