Overview

- . PU material and PET film on the surface
- . More elastic film, easy to operate and great effect
- . It can be cut any shape and letter by cutting plotter.
- . Available Colors: White, yellow, sky blue, black, red, neon yellow, orange, etc

Description:

This high-grade cut transfer film is with two layers, the film is made of PU material and the surface is made of PET. The film can be cut kinds of letters, numbers and any other shapes by vinyl cutter. It's elastic and more easier to operate and more convenient to use. It could be cut small letters and numbers because of its high flexibility. The film is widely used for personal T-shirts, sports clothes, uniform clothes, advertising shirts, color flags or mass production.
