## QA

Q

do you also have the cartridge

A

Yes, we have cartridge for selling.

Reply by [sign-in-china](#)

Q

How i used the substances for the flowers and the adornments ?

A

As for how to paint flowers and adornments, it is similar to nails. Just precoating.

Reply by [sign-in-china](#)

Q

when i paint the nails, it vanished with water, what can i do?

First, paint the precoating. (please check discription on bottles)

Second, put your fingers to the machine, and print.

Third, print the protecting liquid. (nail saver)

**A**

**Q**

can i buy the cartridge in my local?

**A**

yes, please buy the same model.

Reply by [sign-in-china](#)

**Q**

Can you advise how many flowers can be printed per one cartridge. And, how many flowers a bottle of pre-coating will make?

**A**

The print number of flowers is depend on the color of the printing. Normally one cartridge can print around 1500 flowers, a bottle of pre-coating can make1000 pcs flowers.

**Q**

Is it possible to use any nail polisher liquid or color nail liquid to work with the machine? I see on the video they use only the "special liquid" just before printing, so that means we can use any other nail color polishing under this "special one", right?

**A**

There is the Special Coating liquid comes with the machine. And you can buy the nail polisher in your local, any nail polisher is ok.
