Overview

Features:

The appearance of this Roll Up Banner Stand is elegant and good-looking. It is designed according to the appearance of shark fins and improved on the basis of the old Model 18. With its height reaching 98.4" to 118.1" (2.5 to 3m) and the width of the product itself reaching 106.3" (2.7m), this Roll Up Banner Stand is a largest one. Meanwhile, it has the function of uplift force to adjust pictures as well as the force releasing function. The plastic parts behind the upright stanchion can be used to adjust the pictures. The color of the side cover can be changed according to customers' requirements.

Production Configuration:

Model 3 adjustable upright stanchion, Model 25 upright stanchion, and dual black bags.
